LAWRENCE “JOE” DELAUNE, JR., ARCHITECT, CBO

OFFICE OF LOUISIANA STATE FIRE MARSHAL

Mr. Delaune is the Chief Architect for the Louisiana State Fire Marshal and Administrator of the Engineering Section of the office. This Section consists of approximately 35 professionals who administer the codes, rules and laws that apply to all new and renovated commercial structures in the state, and who provide training and consultation to licensed architects, engineers, contractors, and commercial building owners. Mr. Delaune initiates special projects such as Information Technology advancements, and assists with legislative changes that enhance life safety and protection of property. Delaune has been a licensed architect for 27 years and a certified building official for 15 years. After many years in the construction industry and practicing architecture with private firms in the states of Florida and Louisiana, Mr. Delaune has devoted his career to public safety and fire prevention for the State of Louisiana. Mr. Delaune has been with the Louisiana Office of State Fire Marshal for over 23 years.
